CAREER OBJECTIVE

Motivated Electrical & Electronics Engineering graduate with strong fundamentals in electrical machines, power systems, power electronics, and industrial applications. Seeking an entry-level engineering or Graduate Engineer Trainee role where I can apply my technical knowledge, problem-solving skills, and adaptability to contribute to operational efficiency, quality improvement, and continuous learning in a professional engineering environment.

INTERSHIPS

Electric Vehicle

SkillDzire | Certificate

01/2025 – 03/2025 Online

- Gained hands-on exposure to electric vehicle architecture, including traction motors, battery packs, controllers, and power electronics
- Assisted in understanding battery charging methods and Battery Management System (BMS)
- Observed how EV motors and drivetrain work in real applications

AutoCAD EEE

SkillDzire | Certificate

04-2024 – 06-2024 Online

- Developed electrical layout drawings using AutoCAD for power and lighting systems in accordance with engineering specifications
- Prepared Single Line Diagrams (SLD) for LV electrical distribution systems including feeders, breakers, and protection devices
- Created and edited electrical layouts, wiring diagrams, and panel drawings

PROJECT

Power Saving System Using Multi-Generation Topology

Tech: Arduino UNO, Relays, Sensors, Batteries, Mobile Inverter

- Developed a renewable energy-integrated power management system using Solar, Wind, and Piezoelectric sources.
- Implemented priority-based switching for uninterrupted power supply to critical loads.
- Demonstrated reduced grid dependency and cost-effective sustainable energy usage

INDUSTRIAL TRAINING

220/132/33 KV sub-station,
A.P.TRANSCO, Kakinada

10/2021 – 02/2022

- Completed industrial training at APTRANSCO with hands-on exposure to power transmission, substations, and protection systems.
- Observed load management, fault analysis, and preventive maintenance of electrical equipment.

CERTIFICATES

- Electric Vehicle - SkillDzire
- AutoCAD EEE - SkillDzire
- Python - Geeks for Geeks

SKILLS

- Core Electrical:** Electrical Machines, Power Systems, Power Electronics.
- Software Tools:** AutoCAD EEE (Intermediate), MS Excel, MS Word
- Programming:** Python (Intermediate)

EDUCATION

B.Tech in Electrical & Electronics Engineering

Narasaraopeta Engineering College, JNTUK

Oct 2022 – May 2025

CGPA: 8.16

Diploma in Electrical & Electronics Engineering

Kakinada Institute of Technology & Science, SBTET

Aug 2019 – May 2022

Percentage: 88.58

S.S.C

Z P High School, BSEAP

Jun 2018 – May 2019

GPA: 9.8
